

## **Why we drive 64 miles each way to The Solid Rock of Atlanta church**

We were hungry for more of God, and then we visited The Solid Rock of Atlanta church. When we walked in the door we felt like we were at home. The Lord told us this was where He wanted us to be. Once we both agreed, then He showed us it wasn't hard at all to make the drive.

Being obedient has great reward in itself. But, whatever we thought we would be giving up to commit to a church a long distance from our home was nothing. The Lord has given us so much more in return.

At The Solid Rock of Atlanta we found sound Biblical teaching and like-minded believers who are loving and caring. You quickly build relationships that feel like family. This is the only church we have ever been in that we didn't watch the clock during the service.

There is no church that compares to what we have at The Solid Rock of Atlanta.
